*HELLO FELLOW STAMPERS...*

## **THE CLAREMONT SHOW IS ALMOST UPON US!!**

**We will be attending the Claremont show. Dates Friday 31st July - 2nd August 2009.**

As usual I will be doing a class **before the show**.. Due to limited time I can only do one day this time,  
So I am doing two classes in the same day. **FUN HUH!!!!**

**CLASS DATE:- WEDNESDAY 29<sup>TH</sup> JULY 2009**

### **Class One**

**ALL YOU NEED TO KNOW!!** This class is working with and understanding stamp pads, Embossing Powders and their purpose. We will be learning some watercolour techniques with the watercolour crayons. Also included will be some other techniques including Masking. This is a very informative class for beginners. It is important to understand the mechanics of Stamping. We will be working non stop. You will be given a workbook with all instructions so all you have to do is the Practical Work.

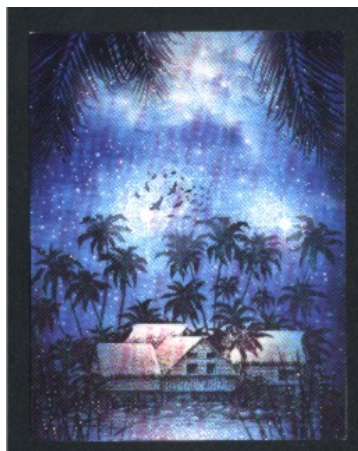

### **Class Two**

**The World of Stampscapes!!** These amazing stamps create fantastic and realistic landscapes. You will discover the technique is easily learnt and the results are out of this world.. I have attached some samples below to view..

The booking form button below will take you straight to your booking form..

(also on following pages)
